CALLING ALL ARTISTS AND GRAPHIC DESIGNERS

We are considering making more artwork, merchandise, and promotional material. As a result, we are trying to get a sense of who we can reach out to for future design and art work.

If you are an artist, designer, or know someone who is and might be interested, please fill out this survey.

AI AND BIKE RENTALS

Looking to travel this summer, and not enough room, time or patience to take your bike along? The Chicago Randonneur team has created a tool to leverage AI to help you find some bike renting resources at your destination.

Answer a few questions, and you'll get an option to copy a prompt and put it in your AI tool of choice, or proceed to Claude directly.

Very much a beta, and the team would love your feedback. It's a personally funded app, so we'd appreciate if you do not share it outside of the RUSA community for now.
